PROPOSAL · SCOPE OF WORK · ENGAGEMENT LETTER

Kitchen Standards Review & Enterprise Pilot

Dear Sir / Madam,

Thank you for the board room meeting on 21 September, and for the walk-through of the kitchen, dry store, cold store and dish wash at Biryani by Canteen afterwards. As requested, this document sets out a defined scope, our quote and an engagement letter for your approval.

Biryani by Canteen is also the central kitchen for the brand's satellite counters. A review there therefore covers more than one room: whatever is cooked, cooled, held and dispatched from it reaches every counter. The scope that follows is built around that, and the first review gets the most effort of the whole engagement — it sets the baseline everything after it is measured against.

One point we want in writing, because it came up in conversation. A one-time review (Options 1 and 2) covers the first phase only — the review, the presentation and a re-audit thirty days later. Coverage for a full year is an annual plan (Options 3 to 5). Nothing is included beyond what this document states.

The document is in eight parts:

- | | | | |
|---|--|---|-------------------------|
| 1 | Who we are | 5 | Quote |
| 2 | Scope of work — The Pass | 6 | Payment terms |
| 3 | What is not included | 7 | Engagement letter |
| 4 | Kurokaa OS — Founding Enterprise Pilot | 8 | Acceptance & signatures |

We look forward to working with your team.

Abhishek Bose

Founder, Kurokaa · The Pass

hello@kurokaa.com

1 · Who we are

The Pass is the kitchen standards practice of Kurokaa. A review is an independent, unannounced operational assessment of a kitchen against a written control set of 63 controls across 15 areas, carried out by chefs trained in the UK inspection system. It produces graded findings and a corrective plan.

To be clear about what a review is not:

- The Pass is **not an FSSAI-recognised food safety auditing agency**. A review is not a regulatory audit, certifies nothing, issues no score or rating, and does not reduce inspection frequency.
- Findings describe what was observed on the day. They do not predict the outcome of any inspection.
- The same business builds the **Kurokaa** restaurant software. We disclose that before you engage us. You asked about the software during our meeting, which is why Option 5 exists; a review report will never recommend it (see 7.9).

2 · Scope of work — The Pass

2.1 Sites

- **Central kitchen:** Biryani by Canteen, including its stores, prep, cooking, holding, cooling, dish wash and the dispatch of food to counters.
- **Satellite counters:** up to four counters supplied by the central kitchen (Options 2, 4 and 5), named in Section 8 at signing. Further counters are added at the rates in Section 5.

2.2 What every review covers

All applicable controls, walked in the order food moves — delivery door to plate:

Area	What we measure
Receiving	Delivery temperatures, packaging, date coding, supplier records, rejections
Chilled & frozen	Unit temperatures probed into food, rotation, labelling, raw / ready-to-eat separation
Dry store	Off-floor storage, decanting and labelling, open-pack control, room condition
Cooking & hot holding	Core temperatures, probe use, holding limits, food that falls out of limit
Cooling	How fast cooked food comes down, method, placement, records
Dispatch to counters	Portioning, packing, labelling, temperature at dispatch and at receipt
Cross-contamination & allergens	Separation, boards and cloths, handwashing, allergen information
People	Fitness to work, hand hygiene in practice, protective clothing, training records
Pests, water & ice	Proofing, activity, contractor reports, tank cleaning, potability test dates
Cleaning & dish wash	Schedule against reality, chemicals, dilution, contact times, sign-off
Waste & oil	Bins, external storage, collection, used-oil disposal trail
Records & building	Thirty days of logs, licence currency, probe calibration, floors, drains, ventilation

At counters we assess the controls that apply to a counter: receipt from the central kitchen, holding, service, hygiene, cleaning, waste and records.

2.3 First phase – included in every option

1. **Unannounced review day** by **two assessors**, inside a two-week window agreed at booking. Every unit probed, your own probes checked against a reference, thirty days of records examined, two short conversations with your team.
2. **Verbal debrief before we leave**. Anything critical is said out loud, on the day.
3. **Written report within 72 hours**: a plain-language readiness assessment; every finding graded critical, major, minor or observation with a target date; dated photographs; a thirty-day corrective plan ordered by what is cheapest and fastest to fix; and what we could not assess, and why.
4. **Presentation day** for management and kitchen leadership, on a date agreed after the report: findings, root causes and recommended actions, with time for questions.
5. **Re-audit thirty days after the review**, checking what the report raised, with a short verification report.
6. **One follow-up call** once you have read the report.

Where counters are included, each counter is reviewed within the same window and re-audited at thirty days; their findings are part of the same report and presentation.

2.4 Annual plan – Options 3, 4 and 5

- A **12-month term** that starts after the thirty-day re-audit.
- **Four unannounced quarterly visits** to the sites in the chosen option, each followed by a written report within 72 hours and a follow-up call.
- Every visit measures progress against the previous report, so the record of improvement builds over the year instead of resetting.

3 · What is not included

- **Fire safety**. We may note an obvious fire risk as a courtesy and refer you to a licensed agency, but we do not assess fire safety compliance.
- **Any FSSAI audit, certification, licence or rating**, and laboratory testing unless separately agreed.
- **FoSTaC certification**. FoSTaC courses are delivered only by FSSAI-empanelled training partners. Your nominated Food Safety Supervisor(s) must be trained and certified through that route; the review checks that the records exist.
- **Staff training**. Team training in batches – food hygiene and safety, HACCP principles applied to your kitchen, and kitchen health and safety – is available and invoiced separately. It is not an FSSAI or FoSTaC programme and its certificates say so.
- **Implementing changes or managing the kitchen**. Acting on the report is your decision; we advise.
- Anything not written in this document.

4 · Kurokaa OS — Founding Enterprise Pilot (Option 5)

You asked about Kurokaa's ERP and its control of the full ingredient lifecycle. Option 5 answers that request as our **founding enterprise pilot**: Kurokaa OS set up for the central kitchen and every counter, and configured to your operation using what the first-phase review finds.

4.1 Live today, for every site

Area	Included
Service floor	POS & billing, running orders, kitchen display & tickets, bill shared on WhatsApp
Inventory	Stock down to the gram at recipe level, batch preparations & yields, waste & variance, stock counts, purchases & suppliers with cost history, per-dish food cost
Cash & books	Daily open & close, cash reconciliation, revenue & margins, expenses & bills
Compliance	GST return preparation (not filing), purchase register, food-safety records with evidence
Team	Staff records, attendance, shift scheduling, payroll with PF, ESI & TDS, role-based access

4.2 Built for your operation during the pilot

- **Dispatch from the central kitchen and receipt at each counter**, with any shortfall at receipt recorded.
- **Cost carried from the central kitchen into each counter**, so every counter's food cost is real.
- **One group view across all sites** for management.
- **Dispatch and transit temperature controls** in the food-safety records.
- **Setup from the review**: menu, recipes, central-kitchen preparations, suppliers, stations and opening stock entered by us, using information collected during the review (with your consent, 7.8).

Target go-live: within 60 days of the first-phase report.

4.3 You pay for the software only once it works

The Kurokaa licence fee is **invoiced only after the four features in 4.2 are live and accepted in writing** by your nominated contact. The licence term runs twelve months from that acceptance. The ₹20,000 enterprise setup fee is waived for this pilot.

4.4 The review stays independent

- The Pass and the Kurokaa licence are separate agreements. The software is governed by the Kurokaa Terms of Service; your data remains yours.
- Review reports never recommend Kurokaa or any software. Every record-keeping finding can be satisfied by a paper record kept by hand, and reviews never assess the software itself.

5 · Quote

All prices are **inclusive of GST at 18%**. A GST invoice is issued for every payment. There is no hourly billing and no travel charge within Kolkata and surrounding districts.

#	Option	Includes	Year 1	Monthly equiv.	Renewal / yr
1	Just 1 one-time	First phase at the central kitchen	₹25,000	—	—
2	Just 1 + 4 one-time	First phase at the central kitchen and up to 4 counters	₹60,000	—	—
3	Yearly Just 1	Option 1, then 4 quarterly visits to the central kitchen	₹75,000	₹6,250	₹50,000
4	Yearly Just 1 + 4	Option 2, then 4 quarterly visits to all sites	₹1,80,000	₹15,000	₹1,20,000
5	Combo recommended	Option 4 plus Kurokaa OS Founding Enterprise Pilot for all sites (Section 4)	₹2,28,000	₹19,000	₹1,68,000

Monthly equivalent is Year 1 divided by twelve, shown for comparison. Billing follows Section 6.

How Option 5 is built

Line	Amount
First phase — central kitchen and up to 4 counters	₹60,000
Annual plan — 4 quarterly visits, all sites	₹1,20,000
Kurokaa OS — 5 sites × ₹999 × 12 months at list	₹59,940
Combo discount on the licence (20%)	– ₹11,940
Enterprise setup (₹20,000) — waived for the pilot	₹0
Year 1 total	₹2,28,000

Four unannounced visits a year at the annual rate cost half as much as four separate one-time reviews (₹1,20,000 against ₹2,40,000 for all sites).

Additions

Item	Price
Each counter beyond four — first phase	₹10,000
Each counter beyond four — annual plan	₹20,000 / year
Each counter beyond four — Kurokaa OS (Option 5)	₹9,600 / year
Staff training in batches, and any other work	Quoted and invoiced separately

6 · Payment terms

Option	First phase	Annual instalments (quarterly, in advance)
1, 2	50% on booking, 50% on the written report	—
3	As above	4 × ₹12,500
4	As above	4 × ₹30,000
5	As above	4 × ₹30,000 for the Pass, plus 4 × ₹12,000 for the licence from acceptance (4.3)

- The booking payment reserves the review window. It is non-refundable except as set out in the Service Terms (clause 5): one reschedule is free if requested before the window opens, and if we cancel, it is refunded in full.
- Annual plans have a **12-month minimum term**. The first instalment falls due when the annual term starts. Ending the plan early does not reduce the fee for the term.
- A critical finding is always told to you on the day, whatever the state of any invoice.
- Payment by the link, bank transfer or UPI details on each GST invoice.

7 · Engagement letter

This letter records the terms on which The Pass will carry out the engagement you select in Section 8.

7.1 Parties	Abhishek Bose trading as Oe Delli Belly, operating The Pass and Kurokaa ("we"), and the entity signing in Section 8 ("you").
7.2 Terms that apply	This engagement is governed by The Pass Service Terms, version 1.0 of 3 September 2026 (kurokaa.com/the-pass-terms), varied only as written in this letter. Where the two differ, this letter governs.
7.3 Engagement	The option selected in Section 8, for the sites named there, as described in Sections 2 to 4.
7.4 Assessors	Each review is carried out by two assessors, varying the single assessor described in clause 9 of the Service Terms. Both are named to you in writing before the window opens and carry photo ID and a copy of this letter.
7.5 Unannounced visits	Visits happen inside an agreed window without notice of the date or time. You make sure a person with authority to permit the visit is normally on the premises during the window.
7.6 Access and findings	You give reasonable access to food areas, stores, records and equipment. We correct a factual error promptly; we do not alter, soften or remove a finding because it is unwelcome.
7.7 Confidentiality	Everything we see, hear and photograph is confidential. Reports go to you and nobody else. We will not name you as a client or use your premises as a case study without separate written permission, asked for afterwards and free to refuse. Your staff are never named, and conversations with them are not an assessment of anyone's performance.
7.8 Use of review information (Option 5)	If you tick the consent in Section 8, information collected during the review may be used to configure your Kurokaa system, and for nothing else. It is not shared with anyone. You may withdraw consent in writing at any time.
7.9 Independence	You have asked about the Kurokaa software, and this proposal responds to that request, as clause 11 of the Service Terms provides. Review reports remain tool-agnostic, never recommend Kurokaa, and never assess the software. The Kurokaa licence is a separate agreement under the Kurokaa Terms of Service.
7.10 Liability	Our total liability for a review is limited to the fee for that review; for an annual plan, to the fees paid in the twelve months before the claim. Clause 9 of the Service Terms applies in full.
7.11 Ending the engagement	We may end the engagement if a critical finding is not acted upon (clause 10); fees for work carried out remain payable. Otherwise an annual plan runs for its minimum term.
7.12 Governing law	The laws of India. The courts at Kolkata, West Bengal have exclusive jurisdiction.
7.13 Validity	This offer is valid until 22 October 2026.

8 · Acceptance & signatures

Please tick one option, name the counters, and return a signed copy to hello@kurokaa.com. We will then issue the booking invoice and agree the review window.

Option selected

☐	Option 1 — Just 1	₹25,000
☐	Option 2 — Just 1 + 4	₹60,000
☐	Option 3 — Yearly Just 1	₹75,000
☐	Option 4 — Yearly Just 1 + 4	₹1,80,000
☐	Option 5 — Combo — Yearly Just 1 + 4 + Kurokaa OS	₹2,28,000
